Answering All Power Needs

www.enertechups.com

EnerBat introducing inverter / Solar heat sealed range of tubular stationary future generating batteries with almost maintenance free characteristics.

Features

Specially mixed corrosion resistant alloy for spines & grids Tubular gauntlets of high brushing strength with high performance for positive plates.

- O Specially made wave ribbed P E. Separator..
- O Electrolyte volume Per AH is very much higher than ordinary Tubular batteries.
- O Almost maintenance free battery.

Specially designed vent plugs with level indicators to trap water loss

Applications

All types of Solar power generating systems

- O UPS System
- O Domestic Invertors
- O Hospitals
- O Lobs
- O Hotels
- O Mobile Phone Stations & Transmitters.

Technical Specifications

Battery Model	Battery Capacity @C10 AH	Length Overall mm	Bottom mm	Width mm	Height mm	Gross Weight (in Kg +/-3%)
ABIS 16500	12V 150AH	503	475	190	443	58.2 Kg.
ABIS 22000	12V 200AH	503	475	199	443	63.8 Kg.
ABIS 26000	12V 260AH	503	475	190	443	67.0 Kg.

Caution

Keep away the battery from spark, open flame and cigarettes lighting. These can cause explosions,. Avoid metallic contact over battery terminals for unnecessary short-circuits.

Note: Return used batteries to manufacturer or authorized dealer to save environment
